

In Greek mythology, the Scylla and Charybdis were two sea monsters located in the Strait of Messina between Sicily and the Italian mainland, endangering ancient mariners, and inspiring the expression “being caught between a rock and a hard place.” Will you find yourself in such a predicament on this Undiscovered Tour of Southern Italy and Sicily? On the contrary, you’ll delightfully find yourself caught between Byzantine and Roman culture, flanked by Norman and Italian influences, and in the midst of a cross-cultural wonderland. Your comparison of cobblestones, customs, and cuisine gets underway in Rome, heads down to the dramatic Sorrento

Coast, and then kicks the fun from Italy's heel to its toe and all the way into the great melting pot of Sicily. From Italy's lower half to its largest island, ruins, resorts—a rich history awaits.

PLUS, your tour includes your choice of excursions in Sorrento so you can plan your day your way.

LOCAL FAVORITE

CULTURE & TRADITIONS Traditional pasticciotto is the beloved cream-filled pastry of Lecce, which graces the shelves of Apulia's bakeries and restaurants. Legend has it that this ubiquitous confection was invented by happy accident when chef Andrea Ascalone made too much cake batter, using the excess ingredients to mix up the original pasticcio (meaning mishap or mess in Italian) - a smaller cake with a creamy filling. Sink your teeth into this heavenly pastry with an almond iced coffee to complete the experience.

ALBEROBELLO AREA

Breakfast

TOUR HIGHLIGHT

ART & ARCHITECTURE The iconic round houses (Trulli) date back hundreds of years. These Trulli, constructed of dry stone and cone-shaped roofs include the oldest structures built in the 16th century and were used as grain storage or residences. Made without cement in the masonry techniques of the day, these whitewashed homes were easily disassembled to avoid property taxes when the collectors came calling! Today, you can stroll the streets lined with Trulli houses to see their conical rooftops decorated with symbols such as a cross, heart, astronomical symbol, or the evil eye.

LEGENDARY LIVES The story of the splendid Monreale Cathedral began as Arabs took control of Palermo. They transformed the cathedral into a mosque and banished the Bishop of Palermo from town. There, he built a modest church to keep the flame of local Christian worship alive. Today the cathedral is known for its stunning mosaics that cover an area of over 64,500sq ft.
